As to each lot owner the said restrictions, conditions, and covenants shall be covenants of equitable servitude and the breach of any thereof, and the continuance of such breach may be enjoined, abated or remedied by appropriate proceedings by any such owner of other lots or parcels in said property, but no such breach shall affect or impair the lien of any bona fide mortgage or deed of trust which shall have been given in good faith, and for the value; provided however, that any subsequent owner of said property shall be bound by the said conditions and covenants, whether obtained by foreclosure or at a trustee's sale or otherwise.

5. RIGHT TO ENFORCE: The provisions contained in this declaration shall bind and inure to the benefits of and be enforceable by Grantor, by the owner or owners of any portion of said property, their and each of their legal representatives, heirs, successors and assigns, and failure by Grantor, or any property owner, or their legal representatives, heirs, successors, or assigns to enforce any of said restrictions, conditions, covenants, or reservations shall in no event be deemed a waiver of the right to do so thereafter.

Prior to the commencement of any excavations, construction, or remodeling or adding to any structure, theretofore completed, there shall first be filed with the architectural control committee two (2) complete sets of building plans and specifications therefor, together with a block or plot plan indicating the exact part of the building site the improvements will cover and said work shall not commence unless the architectural control committee shall endorse said plans as being in compliance with these covenants and are otherwise approved by the committee. The committee shall have the right to refuse to approve any such plans and shall have the right to take into consideration the suitability of the proposed building and of the materials of which it is to be built to the site upon which it is proposed to erect the same, the harmony thereof with the surroundings and the effect of the building or other structure so planned on the outlook from the adjacent or neighboring property. The committee shall promulgate and maintain a list of standards for guidance in approving or disapproving plans and specifications pursuant to this section. The second set of said plans shall be filed as a permanent record with the architectural control committee. In the event said committee fails to approve or disapprove in writing said plans within thirty (30) days after their submission, then said approval shall not be required. The said architectural control committee shall be the same persons for all of the subdivisions within the Grantor's development, which is known as Pinery. The Grantor shall have the right to appoint members of the architectural control committee until such time as ninety per cent (90%) of the lots in said development have been sold by the Grantor.
