

## Architectural Review Committee Election

The 2026 ARC Election will be held May 20, 2026 to fill three two-year terms ending in May 2028. Elected members will begin service at the June 9, 2026 meeting.

Once seated, the Committee will elect officers and appoint two members to serve on the PHA Executive Board. If elected, you may be asked to serve in this role as well. The ARC meets on the second Tuesday of each month, with

occasional special meetings. Members typically spend 1-2 hours per month outside of meetings.

Information for candidates is needed **no later than April 6** for publication in the May 2026 newsletter. For more details, call 303-841-8572 or email [arc@pinery.org](mailto:arc@pinery.org). To be a candidate, you will need to submit a brief write up about your background and interest in service on the ARC.

Please see page 2 for some information on what the ARC does!

# The Pinery Architectural Review Committee

## About the ARC

### **What we do?**

The Pinery ARC works with our residents to ensure that exterior property changes are *covenant compliant*. The ARC also provides assistance to bring properties into compliance where violations are present.

### **When do we meet?**

The ARC meets the second Tuesday of every month at 6:30 pm in the community room of the Pinery Fire Station. The deadline to submit your materials for review is the Friday before the meeting at 12:00 pm.

### **A Friendly Reminder**

As we head into the warmer Spring months of 2026, many homeowners start tackling those "I'll get to it someday!" projects — painting, landscaping, deck repairs, and more.

Before you begin, please remember to check with the ARC to see if your project needs approval. It's an easy step that helps keep our community looking great and in line with neighborhood guidelines.

## Seeking ARC Candidates!

Thinking about getting more involved in the neighborhood? The Architectural Review Committee is looking for new candidates for the May election, and we'd love to have some fresh faces join the team! Call the ARC office at 303-841-5305 or stop by any of our open meetings.

## Compliance

We cannot act on anonymous complaints, but any information you share with us is kept confidential. Please submit complaints in writing, or send us an email at [compliance@pinery.org](mailto:compliance@pinery.org). Whenever possible, we encourage you to chat with your neighbor first.

# 2026 PHA Election Results

## Executive Board

Barry Hong (incumbent) was elected to continue serving on the Executive Board.

## Community Services Committee (CSC)

Marci Horn and Rebecca Jones-Egloff were elected to serve on the Community Services Committee.

## The 2026 Budget was approved.

*The Pha extends its sincere appreciation to all who are willing to serve our community!*

## 2026 PHA Board of Directors

**James Glavin**  
President

**Andy Edwards**  
Vice-President

**Barry Hong**  
Treasurer

**Mark Griffin**  
Secretary

**Sonia Eyre**  
Director

**Leslie Gaylord**  
Director

**Marci Horn**  
Director

## **PINERY TEENS**

Occasionally, the PHA office receives calls from residents who are looking for help with lawn mowing and would prefer to hire a local young person rather than a lawn-care company. With the warmer months approaching, we're updating our **Teen Resource List**. If you're interested in being included on the list, please contact the PHA office at **303-841-8572**. We'd be happy to add your name and share it with residents who call in.

APEX WASTE SOLUTIONS SPRING 2026

**LARGE ITEM PICKUP**

**May 6th, 13th, 20th, and 27th**

*1 Large item & Yard Debris pickup*

5 additional bags of yard trash allowed (each less than 40 lbs.) and/or branches cut down to less than 4 feet, bundled and tied. Items must be able to be easily carried, handled and tossed.

**ACCEPTABLE ITEMS:** Couches, loveseats, recliners, mattresses, box springs (all sizes), bed frames, tables, chairs, BBQ grills, empty lawnmowers

**UNACCEPTABLE ITEMS:**

- No electric corded items, washers, dryers, ranges, microwaves
- No electronic waste such as computers, printers or monitors
- No hazardous waste, constructions debris, car parts, hot tubs, basketball hoops, dirt, rock concrete, water heaters

## Trash Pickup Changes Coming in April

Beginning April 1st, as our contract with APEX renews, our community's trash collection limits will change. Please refer to the diagram below for the maximum allowed combinations of carts and bags. These are the **maximum** limits permitted each week.

Examples of other acceptable combinations (if you choose not to have a 3rd cart):

- 2 trash carts and 3 bags
- 1 trash cart and 3 bags
- 1 trash cart, 1 recycling cart, and 3 bags

An important note: to place **three bags** at the curb, you must have **at least one trash cart**. If you only have a recycling cart, you cannot set out 3 bags. This requirement is based on the system APEX uses to efficiently load bags into the truck. Also, as shown in the diagram, households with **three trash carts** are **not allowed any additional bags**.

Please give the office a call at 303-841-8572 or email at [pha@pinery.org](mailto:pha@pinery.org) if you have questions or need further clarification.

## Pinery Waste & Recycling Allowances

### ALLOWED CART COMBINATIONS

#### Option 1

2 recycling carts + 1 trash cart +  
up to 3 bags

#### Option 2

2 trash carts + 1 recycling cart +  
up to 3 bags

#### Option 3

3 trash carts with no extra bags  
allowed

### CONTAINER SPECIFICATIONS

#### Personal Cart Requirements

Must be 64-gallon minimum, ANSI compliant, and include a lift bar.

#### Bag Size Limit

Individual waste bags must not exceed 40 gallons.

## Yard Waste - NOT!

We want to encourage our residents to put their YARD CLIPPINGS to good use.

What are YARD CLIPPINGS? They are NOT WASTE, but in most cases can and should be put back into the soil. What does that mean?

For example, when you cut your **grass**, do you attach a bag to your mower and throw it into a garbage bag for trash day? Here's a better use for that grass. Do not cut your grass too short (dries out quicker in the heat), but let it grow to the level of your "high" setting on the mower. Do not put a bag on the mower, but let it stay on the grass. It will dry out in a few days. Grass dries out easily as it lies on the mowed surface. In some cases, you may have to take clumps and scatter them with a soft rake.

Another use for the grass is to build a compost box/container and throw some of it in the box/container. The use of a compost box (there is no smell when used properly) is great to add to your flower and shrub beds when the soil is ready to be emptied from box/container.

**Branches and other tree/shrub clippings** should be "chipped"/ground up and the chips used in your landscape. Place in shrub beds, around tree wells, etc.

For example, wait to prune/cut branches whenever possible and make use of our **annual fire mitigation chipping day**. Usually in the fall. Watch for date(s) in newsletter.

If you have storm damage and cannot do any of the above, there are 2 reasonable options:

- Hire a tree service to come chip the branches for you and they can haul them off and be used elsewhere.
- Take branches/logs to the Douglas County's Slash-Mulch site at 1400 Caprice Dr., Castle Rock.

Throwing biodegradable yard clippings in the trash should be avoided. This is a valuable resource that can be used in our landscapes AND reduces the trash stream.

By Jim McGannon, former member of the Community Services Committee

# Keeping The Pinery Clean

## Proper Trash Bagging + Recycling Tips

When everyone follows a few simple steps on trash day, the entire community benefits. Properly bagging trash and keeping recycling containers from overflowing helps maintain a clean, safe, and attractive neighborhood for all residents.

### Why Proper Bagging Matters

Unbagged or loosely tied trash is one of the biggest causes of spills on collection day. Wind, animals, and the lifting process can scatter debris quickly. Bagging trash securely helps our drivers at APEX and keeps our community looking its best! Whenever you can, please make sure to place all household trash into bags before placing into your bins!

### Avoid Recycling Overflow

Recycling is great for the environment, but only when it stays contained. In the lifting process, overflowing bins can lead to scattered paper, plastic, and cardboard across driveways and streets. Since recycling can't be bagged, always break down your cardboard boxes, and whenever possible, avoid overflow by making sure your lid can close securely.

## Fire Mitigation Tip

*The first 5 feet around the structures on your property are critical to the survival of your home and outbuildings during a wildfire.*

More homes ignite due to impinging embers than to any other causes. Embers can travel a mile or more ahead of a wildfire, igniting combustible materials, especially fine fuels like pine needles, dry leaves, wood mulch, and dry grass. When those materials are in direct contact with your home or other buildings, this quickly leads to structure ignition.

Creating and maintaining a noncombustible zone around buildings is a critical element of wildfire mitigation best practice. Start by removing all vegetation (grass, bushes, trees) and any combustible material within five feet from the structures' walls. Then install a noncombustible surface around your home and all outbuildings on your property.

Visit <https://wildfirepartners.org/the-first-five-feet/> for more information on how to get started on a project like this.

### Commercial Signs

Commercial (advertising) signs are not allowed in The Pinery. **Please remove any of these signs.**

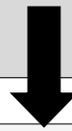

## Important CodeRed Update

Are you currently signed up to receive emergency alerts through CodeRed? If so, please note that CodeRed is no longer in service.

To continue receiving Douglas County Emergency Alerts, you'll need to register for the new DougCo Alert system. Signing up only takes a moment and ensures you stay informed when it matters most!

Read the details below to get set up and stay connected or go to [Dougcoalert.com](http://Dougcoalert.com).

*Under Contract After Only 7 Days on The Market*  
11582 Tyrolite Trail, Parker 80138

In 2025, my team successfully closed 30 million dollars in real estate sales, helping homeowners achieve exceptional outcomes. The average days on market right now is 77, with homeowners carrying a lot of stress and wondering why their home is not getting the showings and why it has not sold. In this market, strategy matters more than ever - pricing, prep and promotion can make or break your home sale. I don't just list homes...I position them to stand out and sell.

- General Contractor
- Roofing
- Insurance Specialist
- Remodeling

Hi neighbors, I am a Pinery resident & a general contractor who specializes in roofing. Don't get fooled and sign up with these companies who are knocking on your door, there is absolutely no service work from them because they will leave town, go with a local company. Also I don't take a cent until your roof is completed.

# Trinity Lutheran School & Early Learning Center

**ENROLLING NOW FOR 2026-2027!**

**LOOKING FOR A SCHOOL WHERE YOUR CHILD IS TRULY KNOWN,  
LOVED, AND SUPPORTED TO GROW IN FAITH AND LEARNING?**

Trinity Lutheran School offers a **Preschool–8th grade Christian education** rooted in academic excellence and Christ-centered values. We partner with families to prepare students for the world by equipping them with spiritual strength, creating Christ-centered leaders, and establishing a foundation of academic achievement.

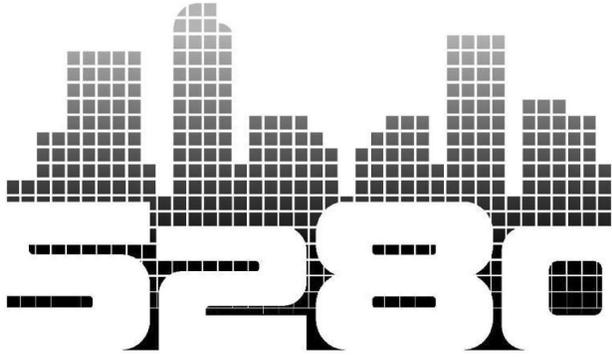

Known for small class sizes, caring teachers, strong academics, and a close-knit community, Trinity provides more than education—it offers a place to belong.
